

Liquid Pro™ (S781)

FOR PROFESSIONAL USE ONLY

Mild extraction detergent for fine fabrics, upholstery and delicate carpets

APPLICATION: Extraction Detergent, Fine Fabric, Upholstery

DESCRIPTION

Prochem's Liquid Pro™ is a mild detergent product for professional cleaning of water-cleanable fine fabrics and delicate carpets. Its premium formulation combines gentle detergents and solvents with a mild pH to safely and effectively clean fine fabrics. It delicately removes surface oils and binding soils. The soils found on upholstery differ from those found on carpets, and the use of products formulated specifically for upholstery cleaning is necessary. Liquid Pro extraction detergent is ultra-concentrated and economical. It is an ideal second step in the two-step hot water extraction cleaning process to remove soils suspended by Prochem's Upholstery Pre-Spray or Fine Fabric Pre-Spray. This two-step upholstery cleaning system is formulated to outperform other upholstery cleaning agents on the market!

FEATURES

- Extraction cleaner for fine fabrics, delicate carpets and wool
- Mild pH formula for delicate wet-cleanable fabrics
- Meets specifications for stain-resistant carpets
- Safe for wool carpet and upholstery

WHERE TO USE:

Extraction cleaning of wet-cleanable fine fabrics, delicate carpets and wool

USE DILUTION:

Truckmount: 1 quart / 5 gallons water

Portable: 1 - 2 oz. / gallon

USE DIRECTIONS:

Pre-test: Fine fabrics can be sensitive and vary in cleanability. Pre-test in an inconspicuous area to determine color-fastness and cleanability.

TRUCKMOUNT: Mix 1 quart (32 oz) of Liquid Pro per 5 gallons of water to make truckmount concentrate. Meter solution at 2 to 4 gallons per hour.

PORTABLE: Mix 1 to 2 ounces of Liquid Pro per gallon of water. Use as an extraction cleaner with equipment suitable for fine fabrics and delicate carpets. Can also be used in hand cleaning of lightly soiled upholstery. Use a clean, white absorbent towel.

COVERAGE: Makes up to 129 ready-to-use gallons. One ready-to-use gallon cleans approximately 400 square feet. Coverage will vary depending on soil level and thickness and absorbency of carpet.

USAGE TIPS:

- For best results, pre-spray with Upholstery Pre-Spray or Fine Fabric Pre-Spray
- To reduce browning of sensitive fabrics, use with good ventilation and drying conditions.
- Avoid over-wetting of fabric and carpets.
- Similar to Fine Fabric Detergent
